Legend: MA (yellow), NC (pink), SNS (green)

Note 1: Because the data cannot be obtained from any public source, this document does not include OMPs that are available in our country under specific circumstances and special authorisations provided for in Royal Decree 1015/2009 (compassionate use, use under conditions other than those authorised, or access to foreign medicines).

Note 2: In the chart showing advanced therapy medicinal products with marketing authorisation, national codes, and reimbursement, the data are not cumulative.

Note 3: The values shown in the charts are typically rounded to whole numbers for clarity. In exceptional cases, decimals have been included when the sum of the rounded percentages results in values less than or greater than 100.

* Data accumulated until August 31, 2026.

**The 18 advanced therapy medicinal products with OD and MA are included in the total of 164 OMPs with MA, since they are ATMPs with brand names.

Acronyms:

- MA: marketing authorisation
